MOBS KILL AMERICANS

SACRAMENTO ELKS WILL CHARTER SPECIAL CAR

Bills From State Capital Send Word That They Will Arrive in Richmond One Hundred and Fifty Strong on May 2—White Oaks Drill Team of Oakland Will be on Hand—Preparations for Reception of Visitors Perfected—Decorations by Capital Decorating Company Are Much in Evidence and Work is Best Ever Seen in Richmond—Committees Ave Very Busy.

Attorney Frank Smith, one of the committeemen on the Elks dedication exercises to be held in this city on May 2nd, states that he received a telegram from Sacramento this morning informing him that a delegation of Sacramento Bills will be on hand on the eventful day and that they had chartered a special car in which they will make their entry into Richmond.

Mr. Smith says he is receiving registrations from all over the state and this morning was notified that the celebrated White Oaks drill team of Oakland, forty-eight strong, would be on hand to assist the local lodge in the housewarming when they dedicate their beautiful temple on Macdonald avenue and Tenth street to the cause of Elkdom.

The city of Richmond presents a holiday appearance already and there is hardly a business house in the municipality that is not covered with vari-colored bunting, purple and white, the official color of the Elks, predominating with a sufficiency of national flags and red, white and blue streamers in the color scheme of the decorators.

The decorating has been done by the Capital City Decorating company, and the men sent here to dress the city in holiday clothes certainly know how to get the best artistic effect in the use of bunting and flags.

Following will be the program on Saturday and Sunday, May 2 and 3:

1 o'clock—Building open for inspection.

2 to 5 o'clock—Reception and entertainment to arriving delegations.

7 o'clock—Automobile parade.

8:30 o'clock—Dedication services at the building.

10 o'clock—Banquet and entertainment.

Sunday, May 3rd

9 to 11 A. M.—Reception at clubrooms to wives and families of the Elks.

11 o'clock—Departure of special train from Southern Pacific depot for Winehaven.

13 o'clock noon—Bulls head breakfast at Winehaven.

1 o'clock—Sports and entertainment and inspection of plant of the California Wine Association.

4 o'clock—Departure of special train from Winehaven for Richmond.

"No Liquor to Young Girls;" Says Manager

"There is nothing to the rumor that has been spread broadcast as to young girls and boys coming into the Portola Cafe and securing liquor," stated J. H. Hoar, proprietor of the place, when interviewed by a Record-Herald reporter today.

A rumor was current upon the streets today that young girls and boys of tender age were being served in boxes of that restaurant and that it was becoming so obnoxious to the public that the manager had been called down by the police.

Hoar stated that there was absolutely no truth in the statement and said that he would prosecute the parties to the full extent of the law who have been implicated in spreading such a report about this city.

Chief of Police Arnold, when seen in regard to the matter of the police investigation, stated that there was "nothing in it."

Bride Travels 2200 Miles to Be Wedded

Traveling 2200 miles from her home in the southern part of Oklahoma, Miss Elizabeth McDonald arrived here at a late hour this afternoon to become the bride of Amos O. Bennett, the wedding to take place at the groom's hame, 2009 Barrett avenue, this evening.

Miss McDonald was met at the train by her fiancee together with Mr. and Mrs. George Bennett, Mr. and Mrs. W. Bennett of Fruitvale. The wedding is to take place at 8 o'clock this evening, the Rev. Calfee will officiate at the marriage. Bennett is well known here, being an employe at the Standard Oil works.

"Mucker" Beats Up Boss at Tunnel

Thinking that the cause of his discharge from the employ of the shattuck-Indiegor company was the spite work of a straw boss, Ben Bouzart, a "mucker" in the tunnel, laid in wait for Henry Shell last evening and gave his superior a merciless beating. A riot call was sent into the police station and Officers Betts and Wright responded with the result that they placed Bouzart under arrest while Shell had to be given medical attention.

Bouzart, when searched at the jail, was found to have a large brass padlock attached to a chain from the top of a water meter. He appeared before Police Judge Lindsey this morning and pleaded guilty to a charge of battery but upon Shell refusing to prosecute the case was dismissed.

THREE VICTIMS ARE SLAIN IN THE STREETS

Fourth Killed in Y. M. C. A. Building in Capital of Southern Republic—Refugees Taken Off Train and Ordered Shot Near Vera Cruz—More Americans to be Executed by Infuriated Followers of the Barbarious Huerta, the Dictator—Situation in Mexico Very Grave and it is Feared Many Citizens of United States Will be Slain—Vera Cruz Isolated From Interior of Country.

VERA CRUZ, April 25.—El Dictamen, a Vera Cruz newspaper, today says four Americans have been killed by mobs in Mexico City. It declares that it has received this information from the federal capital.

Three of the American victims were taken from street cars and killed in the streets, while the fourth was kiled in the Young Men's Christian Association building by the members of a baseball team, to which he belonged.

The information as published in El Dictamen as to the massacre of the Americans is not confirmed from any other source, and is considered doubtful in many quarters.

Vera Cruz was today isolated from direct communication with the interior, but the sparse news brought here by refugees indicates that the state of affairs is bad and rapidly growing worse so far as Americans are concerned.

The soldiers arriving here bring news of numerous outbreaks against the Americans in all directions.

The American military authorities in Vera Cruz consider the situation of Americans in the capital and all over the republic grave.

WASHINGTON, April 25.—Secretary of State Bryan made public yesterday a dispatch from Consul Canada at Vera Cruz announcing the seizure of several American railroad and plantation employes by Federal troops. It is believed Consul Canada reports that these men have been ordered executed. His dispatch follows:

"I am just reliably informed that soldiers stopped train in vicinity of Tierra Blanca, on Vera Cruz isthmus railroad, taking following prisoners: W. Manguny, railroad superintendent; Elliott, engineer; Riley and Hart, conductors. All are Americans. These persons were taken to Cordoba or Orizaba and it is believed they were ordered shot.

"Same soldiers stopped at Hacienda Motzorongo, on the same railroad, taking prisoners, Edward Wunsch and son, Sidney, A. M. Turner, secretary of the Hacienda Motzorongo, all Americans; also a man named Boyd, British subject. All taken to Cordoba or Orizaba.

"It is reliably stated that all these prisoners may be executed.

"Other dispatches received here announce that five more Americans were taken from a train five miles from Vera Cruz.

LIQUOR MAN MAY HAVE TO GO TO WAR

T. J. Carr, manager of the Richmond Liquor Store, at Twelfth street and Macdonald avenue, received word at a late hour today that in case of war his services would be needed to command Company F, Fifth regiment, National Guard of which he is captain.

Carr, when interviewed today, that war held no terrors for him and that he would gladly volunteer his services at a moment's notice.

LIGHT WEEK FOR CITY ARCHITECT

The report of City Architect Ogburn for the past week follows:

Mrs. A. Dunne, permit for the repair of cottage on the south side of Macdonald avenue, between Twenty-second and Twenty-third streets, to cost $100.

A. Danero, for the erection of a cottage on the north side of Thirty-second street, between Waller and Wall street, to cost $1200.

J. J. Davis, for the repair of cottage on the west side of Fourteenth street, between Chanslor and the Oakland branch of the Santa Fe, to cost $50.

CIGAR MAKERS TO GIVE BIG PICNIC MAY 10

Cigar Makers' International Union No. 253 of which the Richmond knights of the weed belong, will give its second annual picnic at Grand Canyon park on Sunday, May 10, this year.

Logan's orchestra has been engaged for the occasion which will insure the best dance music. A feature of the picnic will be a waltz and tango contest, the winners to receive elegant and costly presents.

TUBERCULOSIS TAKES PINOLE MAN FRIDAY

John Silvas, who has been suffering with tuberculosis for some time and who recently was brought back from Arizona, where he was taken by his brother, Jas. A. Silvas, of this city, in the hope of regaining his health, died at his home in Pinole Friday night. Mr. Silvas, up to a few months ago, was in perfect health, but contracted tuberculosis through exposure, and its work was swift and sure. A loving family did all that was possible for the stricken man, sparing neither time nor money in their endeavor to bring back his health, but the grim reaper had marked him for his own and all efforts to save his life were of no avail.

BOY FALLS FROM BOX CAR—BREAKS HIS RIGHT ARM

Little Lloyd Cox, the eight-year-old son of Mr. and Mrs. W. Cox, residing at 202 Tenth street, while playing on a Santa Fe box car this afternoon fell and broke his right arm.

He was rushed to the offices of Dr. W. R. Scroggs, where his injuries were treated and he was allowed to return to his home.

RECALL WINS AND LOSES IN VALLEJO

The recall both won and lost in Vallejo Thursday when an election to recall two of the City Commissioners was held. William P. Blake, incumbent lost out to Joe Wilson but George H. Warford easily defeated W. A. Jones. The election aroused much interest in Vallejo where a heavy vote was polled.

Mr. and Mrs. C. H. Bowen, of Indianapolis, Indiana, are spending several days here as the guests of Mr. and Mrs. C. J. Shepherd. Mr. Bowen is a wealthy bottle manufacturer of the east and has been so favorably impressed with Richmond during his short stay that he is contemplating the erection of a bottle plant in this city.

CLUB PLANS WHIST PARTY ON MONDAY

The Richmond club at its meeting to be held on Monday afternoon will complete arrangements for its first whist party of the season to by held on that evening in the reception rooms of the Richmond Public library.

The party will be under the direction of the Music Section of which Mrs. C. S. Gibbons is in charge.

TENNIS CRACKS TANGLE TODAY

A tennis game filled with snappy playing was staged at East Shore park this afternoon when Jimmy Rasmussen and S. F. Pearson defeated Erwin Barr and William Stewart, by the following scores: 6-0, 6 0, 7-5.

The game was the first game of the series at the East shore grounds in the high school tournament.

TWO POPULAR MATRONS IN A SMASHUP

A serious accident was narrowly averted at the corner of Sixth street and Macdonald avenue this afternoon when a buggy in which Mrs. E. A. Preble and Mrs. E. H. Harlow were riding was demolished by an automobile, the driver of which refused to give his name.

Mrs. Preble was thrown violently to the sidewalk and sustained a number of bruises about her lower limbs, while Mrs. Harlow clung to the dash-board which saved her from being pitched into the street. Both vehicles were on the wrong side of the street.

Some men make yielding to temptation their life work.

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

BRING PRESIDENT WILSON TO RICHMOND

The question of President Wilson's visit to San Francisco has been tentatively answered in the affirmative by Franklin D. Roosevelt, assistant secretary of the navy. Mr. Roosevelt, addressing the Panama-Pacific international exposition directors and citizens at luncheon, gave assurance that the present plan of the president of the United States is to quit Washington after the adjournment of congress on March 4, next year, accompany the American battleship fleet and foreign warships to Panama, when the canal would be formally opened to the commerce of the world, and proceed then to San Francisco to view the exposition in which he has shown such a friendly interest.

While the success of the Panama-Pacific exposition depends on the world importance of the Panama canal and the ability of the people of San Francisco and of California to meet the responsibility which they have assumed, it will contribute largely to the distinction of our fair to have as our chief guest during the period the president of this nation. It was inconceivable that he would not come. The World's Columbian exposition was opened by President Cleveland, President Roosevelt attended the St. Louis exposition, the Centennial exposition in Philadelphia was a rendezvous for official Washington. The fourth great international exposition of America will have as its guest the head of our country.

It is interesting to know that he is planning to come here when the naval demonstration will be held. That will be the most meaningful period in the life of the fair, because the fair commemorates and celebrates the opening of the Panama canal and the coming of the navies will give occular proof that the Atlantic and the Pacific ocean are wedded.

The above from the San Francisco Call suggests that it would not be a very hard stunt for our citizens to undertake to get President Wilson to make a flying visit to Richmond during his stop in San Francisco and the Exposition next year. Ferries will be running over here every few minutes and fast electric service will be in vogue, and as far as that is concerned he could come in a government war vessel, and the same could be docked here for the hour which the President might be induced to stay.

The president is a most genial and approachable man. We happen to know that, because we chatted with him twice in the White House in Washington last summer, once upon the occasion of the reception which he graciously accorded the Richmond delegation which went there from here to boost for a federal appropriation for the Richmond harbor, and again in company with a member of the Colorado delegation with whom we have been intimately acquainted for over twenty years. We found the President as easy as an old shoe to get along with, and as pleasant and genial as man could be. It was dreadfully hot there and we told him we were just digging out again for the San Francisco bay, where the cool Pacific ocean breezes fanned one's cheek, and informed him that if he would come on out it would not cost him a cent. He smiled good humoredly and said, as he put a hand on our shoulder: "My boy, I wish I could go. I wish I could."

We believe he would be glad to take a couple of hours for a spin across the bay to Richmond when he is in San Francisco next year during the big fair, and a proper delegation should be named to take the matter up and approach him.

We offer this suggestion to the Industrial Commission, City Council and Commercial Club for what it is worth, and believe they can put it through if they but try. President Wilson is already interested in Richmond, because of the deep water harbors here, which the government will be using in due time, and he can be got to pay us a visit if the attempt is made. Let's do it! It would be a big advertisement for Richmond, as well as a real pleasure. Go after him, boys! Don't be afraid of him just because he is President of the United States! He will not bite, and is just one of the nicest men you ever met. He will be glad of the invitation, and will come if he can arrange it.

Why is a railroad timetable?

The freight car is a lucky thing;
It always has a pull;
It travels north, south, east and west,
And half the time it's full.

The man who has everything "charged" is also somewhat of a human dynamo.

Roosevelt must be disappointed that war should break out and be way off thousands of miles away.

Heney is not tearing his shirt over Rowell's candidacy for the senate, and the same assertion may be played with reverse English.

Fourteen men were killed in Chicago last year by women. The female of the species is bad medicine when she goes out gunning.

Chet. Rowell's senatorial aspirations are getting more popular with the public every day—all same boil on the back of the neck.

Failure of negro labor and whisky to emalgamate smoothly is largely the cause of the prohibition wave that is sweeping over the south.

The I. W. W. fellows are having a hard time this spring to dodge the work being offered them all over the country. It's a sad case.

So many elephants have been killed for their ivory that the specie is becoming extinct. We will still have, however, plenty of individuals with ivory domes.

If the registration is any criterian, and if not, why not, the Progressives ought to hold their political rallys in California this year in the cemeteries.

It looks now as though this country was in for about five or six years of the meanest kind of gorrilla warfare. It is too bad, but can't well be helped. There is a limit somewhere.

The recent frosts nipped a lot of peaches over the country generally, including some in the Chicago municipal elections in which Bathhouse John corraled the woman vote against his woman antagonist.

We are charged with "truckling" to Great Britain for living up to a treaty obligation. If that be true, it would be a species of patriotism, presumably, when a fellow runs off leaving a lot of unpaid bills—his refusal to "truckle" to his creditors, as it were.

It seems they had a high cost of living problem many years ago. The New York Gazette of November 21, 1784, says:

"All the common necessities of life in this city continue to grow so dear, as must soon impoverish our poor citizens' pockets unless they have better means to supply them than we have. Firewood is $7.75 to $8.50 a cord; butter, 25 cents to 28 cents per pound, and flour so dear that it is a shame to mention."

A Florida cynic having in mind that there are sixty-two drinks to a gallon, and the profit that is made by the seller, says, "Start a saloon in your own house. Buy your drinks from no one but your wife, and by the time the first gallon is gone she will have $8 to put in the bank and $2 to start business on again. Should you live ten years and continue to buy booze from her, and then die with snakes in your boots, she will have money enough to bury you, educate the children, buy a house and marry some decent man."

While a war or any serious trouble with Mexico is to be deplored, there has got to be a stop put to the arrogance of the Huerta regime, and that this country and its flag is to bear insults from a lot of scrubs of that calibre is not to be thought of. It is a wonder trouble has not come before. We doubt if any other country or power would have put up with near what the United States has in its desire to avert war or other serious complications, but there is a limit to human endurance.

SOME PLAIN ENGLISH CONCERNING THE RECALL

Apropos of the recent visit of Frank Thompson, a labor leader of San Francisco to this city to accept as a gift a watch fob from local labor unions for services which Mr. Thompson is supposed to have rendered in the late recall election against Senator James C. Owens and also the published report that Paul Scharrenberg is now going after the scalp of District Attorney A. B. McKenzie for his failure to prosecute Owens on a charge of criminal libel, our attention has been called to an article which recently appeared in the "Wasp," a weekly paper published in San Francisco. The article in question appears under the caption of "Plain English," by Americus and is as follows:

How can the labor leaders in San Francisco explain their decisive defeat by State Senator James C. Owens, of the Marin and Contra Costa district, whom they attempted to recall? Paul Scharrenberg, secretary of the California State Federation of Labor has put forth a long explanation of the Waterloo which he and his associates experienced at the recall election on March 31.

Mr. Scharrenberg would have been wiser had he said nothing about the political disaster to his organization of professional workingmen, most of whom are well-paid walking delegates, and many of whom also draw salaries as public officials in State or County offices.

Secretary Scharrenberg's circular of explanation was evidently written and given to the printer while the author, or authors, were still smarting from the sting of defeat.

And what a beautiful walloping they received! How it must have amazed them when they anticipated victory and triumph and apparently had all the preparations made, so that failure was impossible.

State Senator Owens was elected on the Democratic platform and served in the famous Freak Legislature which Governor Johnson bossed. It is now claimed by Secretary Scharrenberg that Senator Owens "deliberately violated practically every platform pledge which concerned labor."

During the last session of the Legislature, Paul Scharrenberg was the head of a political bureau, which the State Federation of Labor maintained at Sacramento. If any capitalistic trust supported a similar bureau for aggressive lobbying, there would have been loud denunciation of it from Sacramento to New York.

Secretary Scharrenberg could not induce Senator Owens to become a mere puppet in the hands of the professional labor politicians, and hence the recall election in Marin County and Contra Costa County, on March 31. Owens was to be made a horrible example for officeholders that defy the labor trust. His defeat, and retirement to the obscurity of private life, were carefully planned in San Francisco.

It must be conceded that Secretary Scharrenberg and his associated walking delegates and city hall comrades did their political work in a masterly manner. Politics is their trade, and they know how to turn every trick of it.

Finding that the local newspapers of Marin and Contra Costa were opposed to the recall of Senator Owens, a new sheet was started in Richmond, the central battleground. This campaign newspaper "did valiant service," Secretary Scharrenberg explains in his circular of apology, "but its circulation was confined to Richmond and immediate vicinity."

We learn, further, from Secretary Scharrenberg's apologetic effusion, that "a serious miscalculation resulting in bitter disappointment" was made at the start, when Mr. Scharrenberg and his political associates thought that the newspapers of the Ninth Senatorial District would treat them "with ordinary fairness." In San Francisco, "ordinary fairness" to a bunch of professional labor politicians means that they can put whatever they wish in the newspaper columns.

The little country editors over in Marin and Contra Costa, however, are not as easily scared as their big city brothers, and they said their say about the recall in words that were most unpleasant to Mr. Scharrenberg and his political confederates from the San Francisco headquarters.

"The columns of the daily and weekly press, practically without exception, were closed to the proponents of recall," declares Mr. Scharrenberg in his Apology for Defeat. In the districts outside of Richmond, the condition was even worse. In the feeling terms used by Mr. Scharrenberg, "the weekly press of the country districts stopped at nothing to embitter the minds of the people against the recall. The venom of the rattlesnake became a harmless sleeping potion in comparison with the poison darts hurled at those who told the truth about Owens."

The country editors of Marin and Contra Costa, who manufactured the poisonous darts, had plenty of material to work on. They were able to refer to the gang of dynamiters who were caught not long ago, redhanded, at Richmond, with the implements of their lawless trade on them. Although it is beyond question that the dynamiters intended to blow up some towers of the Pacific Gas and Electric Company and cause great inconvenience to the public and great loss to the company, the outlaws are being defended with money raised by assessments on "organized labor." Farmers do not look with favor on recall movements backed by the friends of dangerous dynamiters. The recollection of the McNamara exposure and the wholesale conviction of so-called "labor leaders" implicated in the great dynamite conspiracy, is also comparatively fresh in the minds of country people. In the quiet rural districts, such sensations are not forgotten as soon as in the hustling cities.

The country editors of Marin and Contra Costa, therefore, not being the least bit afraid of the professional labor politicians from San Francisco, planted the "poisonous darts" where they were likely to hurt badly. They did hurt, and that is why Secretary Scharrenberg and his political associates feel so sore that they have gone to the trouble and expense of putting out the printed circular explaining their disastrous defeat.

"Labor," they say in this official circular, "did its very best" to bring about the recall of Owens. "Richmond, Pinole, Hercules, Rodeo, Selby, Crockett, Pittsburg, Tiburon and Sausalito, returned majorities for the recall."

Mr. Scharrenberg does not explain that in the places named, the labor vote can be easily coerced by the usual strong-arm methods. He admits, however, that "the farming districts and the grape-growing section rallied to Owen's support as though their very lives depended on retaining a labor-crusher in the Senate."

The net result of the election was that the organized-labor politicians from San Francisco were beaten by a majority of 1,572.

The significance of this defeat for the San Francisco labor politicians is apparent to any person at all versed in politics. The brunt of the battle had to be borne by Senator Owens. It was one man against an organization of politicians who have the means of raising large sums of money, by assessing the unions they dominate, and who have most undesirable liberty in disposing of the funds they handle.

It was a Waterloo for the allied labor politicians of San Francisco to be beaten by Senator Owens though he made his fight single handed and against most unfair tactics. The petition for his recall had been kept for a year and a half before it was filed. A law against such a practice should be passed. Any petition for recall of an office holder should be filed within three or six months. It is an outrageous proceeding to get up a petition and then keep it for eighteen months so as to hold the whip over the official it is aimed at. On the recall election Senator Owens received 500 votes more than were cast for him at his first election as senator. That showed conclusively what the people of Marin and Contra Costa think of the gang of labor politicians who have done so much to ruin San Francisco industrially and disgrace it politically.

San Francisco business men possess a million times more money and strength than Senator Owens, yet they submit to the lash.

Regal
The Meaning of "Underslung"
Facts a Well-Informed Man Should Know

THE frame of an Underslung Car is swung below the axle. This type of construction brings the weight of the car nearer the road. It presents certain advantages which compel careful consideration in the selection of your automobile. You should know these facts.

FIRST—All underslungs are safer cars. Regal Underslungs are the safest cars built. By being built lower, and yet having an ample and an even clearance above the road, they reduce skidding to a minimum. Furthermore, they make "turning-turtle" next to impossible. An ordinary car will topple over on a 40 degree embankment. Regal cars with full equipment will balance at 63 degrees.

SECOND—Their spring construction makes Regal Underslungs easy riding cars. As the vibration in each "spring-half" is different, there is no violent bounce. The flatness of every spring contributes to its lateral strength and relieves side sway.

THIRD—Regal Underslungs are economical on tires and in gasoline consumption. The rebound of all springs is upward, thus relieving the strain on tire casings. Low suspension means a straight line drive, and power developed in the motor is not wasted in the propelling system. Regal cars give twenty miles to the gallon of gasoline.

FOURTH—All the Regal Underslungs are attractive cars to look upon. Their design embodies graceful lines and a low rakish appearance that is pleasing to the eye. Every owner is proud of the car he drives. Dealers are frequently led to a sale through the appearance of the car.

FIFTH—Regal Underslungs are unusually good cars. Their dependable construction and conservative price makes them worthy your careful consideration. If intending the purchase of a car, we ask you to learn more about the Underslung construction and Regal cars.

SIXTH—At your service are special correspondents in our Sales Department who will be pleased to answer further questions about Underslung construction. These facts are only a few of many which we shall be pleased to give you.

STATE TOLL IN LIVES PAID TO INDUSTRY

SACRAMENTO, April 25. — Reports from employers to the Industrial Accident Commission show that during the first three months of this year almost 10,000 workers have been injured or killed in the industries of this state. Approximately 9,000 of these have been disabled but temporarily, while over 300 have been permanently disabled. Permanent disability includes such things as the loss of eyes, arms, legs and other parts of the human body. The most astounding part of the sad story is that there were more than 120 workers killed during that short period of time, and approximately one-half of these left one or more persons dependent upon them.

It was to remedy such a situation and to relieve society from the disastrous results of this killing and maiming of workers that the Workmen's Compensation Act was passed by the last legislature.

The most hopeful sign of the times, however, is that the Industrial Accident Commission states authoritatively that more than one-half of these accidents can be prevented by the installation of safety devices and by the education of employers and employes along the lines of safety in general.

"Colonel In Chains" At Richmond Theatre

KATHLYN WILLIAMS
IN THE "COLONEL IN CHAINS" AT THE RICHMOND THEATER.

The adventures of Kathlyn No. 5 entitled "The Colonel in Chains," will be seen at the Richmond Theatre today in motion pictures. This is the picture that the town has been waiting for and is sure to meet with the same success that the former numbers of this famous series well deserved.

Allaha, the land of intrigue and mystery, is brought before our eyes in this wonderful photoplay and we see many stronge events that could happen only within its borders. Words cannot describe the oriental beauty of the many scenes in which Kathlyn is depicted while endeavoring to leave the country that has caused her so much sorrow and suffering. Strongholds of the swarthy, half savage princes of the land that lies near the great unknown Thibet are shown; shrines of the heathen gods which have heard the prayers of countless generations, untouched by the ages, appear before us; jungle scenes that awe us with their mighty beasts of prey all are vividly presented to us in this sensational drama.

"The Drama in Heyville" is a two reel scream of a farce by the Edison Co. and has a hearty laugh for every inch of film. If you think you cannot laugh, this picture will prove to your satisfaction that you are wrong. Don't fail to see the village opera company rehearse Romeo and Juliet and later attempt to produce the old wartime play, A Union Spy.

NOTICE OF SALE OF REAL ESTATE

In the Superior Court of the County of Contra Costa, State of California.

Roderick Gillis, plaintiff, vs. Archie Gordon and Phoebe Gordon, defendants.

HOME AMUSEMENT MEANS HARMONY

SOMETHING TO KEEP THE BOYS AND GIRLS FROM GOING OUT FOR ENTERTAINMENT

Find the family where wholesome and innocent amusement is furnished to the members of the household and there you will find a happy home in which harmony reigns supreme. The Record-Herald song book, "Songs That Never Grow Old," affords the kind of entertainment that will be enjoyed by the whole family. In this volume are old favorite songs that are loved by young as well as old. It is published in two separate and distinct styles of binding. The paper-cover style is sufficiently strong for all ordinary purposes, but, of course, the book bound in heavy English cloth is the more durable. Both books are bound so that they open flat and they both comprise all the old favorites songs as well as the many portraits of leading vocal artists, some of which are shown in costume.

The Record-Herald is pleased to note the great interest which is being shown in this offer. It is not unusual for readers to inquire where they can get the words to this old song or to that one—some old favorite that has been recalled to memory—and here are all the old favorites bound together in one volume. Indeed, it consists of seven books in one, for in it there are dance songs, love songs, patriotic, sacred and college songs, and also operatic and national songs.

Read the song book coupon printed in another column of this issue and learn how you may come into immediate possession of this rare collection.

Zowie! The Mayor Just Threw a Curve

CHAT AND DOPE BASE BALL

All is in readiness for Mayor Ludewig to shed his outer garments, waddle out to the pitcher's box at the first street grounds and toss the first ball across the plate into the outstretched free lunch grabbers fo A. C. Childs.

Childs has been chosen out of more than one hundred eligibles to catch the first ball of the opening of the Bay Counties Industrial league which is considered quite an honor in itself. Just what would happen should Mr. Childs drop the elusive sphere is hard to relate but it is certain that the San Francisco earthquake and fire would, compared to the error, be a mere baggatell.

Following the curtain raising stunt Charley Burns will trot out to the box and begin to unfold some of his death defying, mystifying buzzers.

NEW PLAYER

Manager Dick Greathouse has lined up Jimmy McCormick who has been pulling grass in the outfield for the Leonhardt team of Oakland. McCormick although a pretty fielder in action needs more bush experience before breaking into fast company.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacy and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpense, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

I want you to know Why?
I buy equities and give maps to new buyers.
I MUST SELL
Some of the agreements I've recently bought or that I'm offered by friends to whom I've sold, who for various reasons are unable to continue their instalments, and so I have certain buy their equities for what they have paid on lots sold one, two and three years ago, at a price which I am able to prove that adjacent lots are now valued at three or four times the price they were sold for; thus me in a position to give maps to buyers and yet make a fair profit. I buy more from those who have to sell and thereby accommodate those who have met with misfortune and give maps to new buyers who are alive to their opportunities.

I WANT TO SHOW YOU RICHMOND

The Fastest Growing city in the world

I want you to SEE where about $50,000,000 has been spent in large factory enterprises in twelve years, from which there is a payroll of over $500,000 put in circulation every month. I want you to know that it is the second largest shipping point in California, and that its tax rate is the lowest of any city in the State.

I have some extra good investments, on EASY terms, bought from or owned by buyers who HAVE TO SELL.

Remember the great Cutting Boulevard is 110 feet wide, is being graded its full width and the track material is now on the ground and the S. P. ELECTRIC CO. will soon begin to lay the tracks and it will soon be operating. Electric cars are now operating on Ashland Avenue which is destined to be an important business thoroughfare, as it is the only thoroughfare between the east and west side of the city.

Have you got $200, $500 or $1,000 Dollars that you wish to invest? If so, communicate with me and ask for a personal interview, as soon as possible, for I am going to give some one, whi is wise enough to know when a snap is offered them, an extra good one.

I wish to confer only with those who have money and who have in addition to it one of, or all of the following conditions of mind.

One who has acquired knowledge by experience and observation.

One who knows that location makes values.

One who is wise enough to know that similar and assured conditions are sure to cause and produce the same results in the future that they have in the past.

One who knows that the closing paragraph in the above article are facts, and who knows that the municipal tunnel is now being bult at an expense of $250,000 by the city.

I am ready to call on or meet any one at my office by appointment, and confer with them if I find they have the money and are willing to buy if I can prove that my offer is a good investment, I will then submit to them a few lots on or near the Great Cutting Boulevard and Ashland Avenue, which the above ad. I have been running in the Richmond and San Francisco papers, together with circular letters sent to my friends and acquaintances in interior towns, has caused me to buy lots, that I am unable to hold, or that I am now offered and unable to buy, which I know and can prove to any one are a good investment at even double the price I'm in a position to sell them for, however, as the present owners have been paying monthly installments for 2, 3 or 4 years it requires a few hundred dollars to buy their equity.

WITH THE CHURCHES

CALVARY BAPTIST CHURCH

Sunday school at 9:45; preaching at 11. The subject of the morning sermon will be "Anchors."

B. Y. P. U. at 6:30.

Song service at 7:30. Come and enjoy our congregational singing. The subject of the evening sermon will be "Tickets, Please." This is the fourth sermon that our pastor will preach to railroad men. The choir will render special music at both services. After the evening sermon the ordinance of baptism will be administered.

You are cordially invited to all of the services of this church. Come and make this your home church.

W. S. STEWART, Pastor.

AT THE PRESBYTERIAN CHURCH

At both the Sunday school and church service this Sunday morning there will be echoes from the recent State Sunday School convention held at Woodland, one of the most beautiful small cities in the state. Woodland is clean physically as well as morally. She always speaks of her saloons but we of Richmond do not. Her saloons are nearly always written with capitals but invariably with the capital No before it.

The subject for the morning sermon will be Formation or Reformation? And the subject for the evening will be The Great Salvation.

The Junior C. E. meets at 3 P. M. and the Senior at 6:45.

You are welcome. Good music. Come.

FIRST M. E. CHURCH

Sunday school at 10 a. m. public worship, 11 a. m. and 7:30 p. m.; preaching by the pastor; morning theme, "The Glory of Man and the Glory of God;" evening theme, "Shall War be Declared?"

TUNNELS AND HARBORS HIGHWAYS AND REALTY

Cutting's Improvement Contest—Development Co. Opens Offices Here—Senator Owens Too Busy to Talk Politics—Some Realty Firms Hide Their Light Under a Bushel—Harbor Improvement Funds Present Another Problem—Municipal Tunnel in Over Half Way—Big Municipal Water Supply Question Next To Be Threshed Out By a Bond Election—Lots of Money Being Spent on Streets and Other Improvements.

Henry Cutting's planning contest is creating quite an interest in San Francisco and all around the bay. He is offering lots and lands as prizes for the best plan to subdivide and improve another big chunk of waterfront land adjoining the tract of the Ellis Landing and Dock company, and desires plans submitted that will best benefit the land, the waterfront, the city of Richmond and the general plan of other great improvements going on all around the tract. It is a very interesting contest and will bring out a good many valuable pointers. In the meantime Mr. Cutting keeps right on improving that wonderful home place of his down in the Haywards country, and they do say it is a marvel, and one of the show places around the bay. He is just completing a house there that is a regular hotel, and has everything growing on the place that grows in California, and then some. Also there are turkeys, pheasants, birds, flowers, trees and many other beautiful things, including a pretty wife and daughter—really H. C. is the only thing around to mar the scenery.

Senator Owens and Manager Vander Zweip are busy as bees with improvements going on in the J. C. Owens tract and gathering investors and home-seekers into the fold. This in addition to fitting up that fine new office in the Elks' building keeps them all busy and out of mischief. The senator doesn't even get time to talk politics, so you can see how busy they must be.

The Richmond Development company (Gignoux Brothers), has now its new offices in Richmond opened in the Polytechnic building, at 4th street and Macdonald avenue, where they will be glad to welcome the general public and furnish all necessary or desired facts regarding Richmond and the surrounding country. This company is now pushing its North Richmond tract No. 2 and have several manufacturing concerns on the tapis that are likely to put in factories here in the immediate future. They are also opening a new tract, the old Gateley ranch to the north, and are getting very active in the Richmond field.

There are a number of firms engaged in the real estate business on various tracts adjoining Richmond who are never mentioned in these columns for the reason that they seem to think publicity will do them harm instead of good, or else too close-fisted to do any advertising which might possibly help the city as well as themselves. If your business is a legitimate one and is carried on along proper lines, publicity will aid it and is always desired, but if you always dodge publicity you are apt to get the public to thinking things about you which may not be true. Every realty man or firm owes something to the city that gives him his living and his profit, and to the newspapers that are largely instrumental in boosting the city and building it up.

It looks now as though another bond issue was up to the people of Richmond if we are to get the benefit of the $428,000 appropriated by the federal government, to be expended at the rate of $100,000 a year. The appripriation calls for a like expenditure on the part of Richmond and to be expended in dredging, under government supervision. We cannot spend the present money in dredging, so will have to either raise some more or not get the government aid. Just what will be done about it has not as yet been determined, but an effort may be made to obtain government permission to spend Richmond money in a sea wall and the federal money in dredging. At any rate, $200,000 has to be expended, and as that cannot be done in a few minutes, our authorities had better push on the lines all they can and get something under way pretty soon.

Work on the big municipal tunnel is progressing fine from both ends and quite a hole now shows up. The steam shovel will take the core out when the drifts are completed, and new land is being made and filled in at both portals, which is of great value to the city. Building of the municipal wharf will commence very shortly now and be pressed to a speedy termination, and the bids for many thousand dollars worth of street grading leading up to the approaches of the tunnel are now being asked for by the city. The tunnel is in 500 feet from one and and 450 feet in from the other, making over half way of the distance.

Major McLaughlin is in the middle west and east just now, on a visit to his old home in Iowa and will visit Washington and New York before returning. In the meantime Artie Dungan and two pretty lady clerks are keeping things straight at the office.

William L. Brown, of the Herbert Brown company, is getting a bug in his bonnet to the effect that he would like to go way back east and handle a tract of residence property adjacent to Washington D. C. some day in the future after Richmond gets built up to a city of half a million or so. He says there would be big money in it, and maybe there would, but we doubt if W. L. would like it back there, for many reasons. A western man generally finds it hard to fit in with the people of the far east, their ways and mannerisms being so different than ours out in this free and glad western country. They are as cold-blooded as snakes in matters of finance and have cramped ideas and constipated souls. Will Brown is a big-hearted westerner, and while he might make money way down east, we bet a big juicy orange he would miss the west, the bay breeze and the genial whole-souled people of the broad and boundless west. And besides, we can't spare Brown—we need him here to help boost.

Manager Stokes reports sales as keeping right up to a satisfactory standpoint on the Harbor tract, and the cable-slot smile that George Wall is wearing around lately would indicate that such is the case.

Mr. McIntyre, the new publicity man for the Ellis Landing and Dock company, lately from New York City, has promised steen times to drop into this office and say "how" when over here, but every time he comes there is a big mob of people wanting to buy lots, and so we get the go-by. He is hereby fined a handful of good cigars, and next time the offense is committed the fine will be raised to a box.

George McPherson sold another business lot on Cutting boulevard this week. If he don't let up there won't be any left, and we are scheming to get one ourself before they are all gone, on the plan of "dollar down and a dollar a week the rest of your life."

The next big event will be the proposition to vote bonds for a municipal system of waterworks and big supply of aqua pura from the Sacramento river. A campaign of education on the subject is soon to begin and public meetings will be addressed by men who know all about the matter. It ought to carry, as the sale of the water will pay off the interest and create a sinking fund to pay the bonds, and the people will never have thom to pay, other than paying for what water they use, which they are doing now for a poor service of poor water. It is believed that the bonds will carry as soon as the people become acquainted with the facts and conditions.

NOTICE OF PUBLIC WORK

NOTICE IS HEREBY GIVEN That the Council of the City of Richmond on the 13th day of April, 1914, passed Resolution of Intention No. 226 to order the following work to be done to wit:

The opening and extending of Seventh Street from its present termination at the northwesterly line of the Highland Tract across the right-of-way of the Atchison, Topeka & Santa Fe Railway Company to the southeasterly line of the West Richmond Tract, in the City of Richmond, to a uniform width of forty (40) feet, and to condemn and acquire any and all property necessary and convenient for that purpose, and to create an assessment district to be benefited by said improvement and to be assessed to pay the costs, damages and expenses thereof.

That the land which is by this Council deemed necessary to be taken therefor and which this Council intends to take therefor is described as follows, to wit:

Commencing at the intersection of the westerly line of Block "B" of the Highland Tract, as shown on "Map of the Highland Tract" filed in the office of the Recorder of Contra Costa County, California, on the 20th day of May, 1904, and the southeasterly right-of-way line of the Atchison, Topeka & Santa Fe Railway Company, and running thence N. 51 degrees 41 minutes 30 seconds W. across the said right-of-way a distance of 190 feet to a point of curve; thence to the right 78.54 feet on the circumference of a curve whose radius is 50 feet to a point of tangency in the northwesterly line of said right-of-way; thence along said line of the right-of-way S 38 degrees 18 minutes 30 seconds W. a distance of 140 feet, to a point of curve; thence in a northeasterly direction 78.54 feet along the circumference of a curve whose radius is 50 feet to a point of tangency; thence re-crossing the said right-of-way S 51 degrees 41 minutes 30 seconds E. a distance of 100 feet, to a point of curve; thence to the right a distance of 84.06 feet along the circumference of a curve whose radius is 93.20 feet, to a point of tangency on the extension northerly of the westerly line of said Seventh Street; thence south along said extension of the westerly line of Seventh Street, a distance of 27.23 feet, to its intersection with the said southeasterly line of said right-of-way; thence along said southeasterly line of the right-of-way N. 38 degrees 18 minutes 30 seconds E. 96.79 feet to its intersection with the said westerly line of said Block "B" said Highland Tract, and the point of commencement. Being a portion of the right-of-way of the Atchison, Topeka & Santa Fe Railway Company, and containing .281 acres. All being in the City of Richmond, County of Contra Costa, State of California.

That the exterior boundaries of the district of land hereby established, determined and declared to be affected and benefited by said work or improvement, and assessed to pay the damages, costs and expenses thereof, and to be known as "Assessment District No. 226" are described as follows, to wit:

The work of installing the new officers was put on by Mrs. Rebecca Kitchen. The new heads installed were: Mrs. Laura Ramsey, worthy matron; Miss Gertrude McQuarrie, associate worthy matron; Mrs. Elizabeth Gnagn, past worthy matron; Mrs. S. E. Peters, secretary; Mrs. Jesse Du Ree, deaconess; Miss Helen McQuarrie, inner guard; Mrs. May Hannah, outer guard; Mrs. Mary Listman, conductress; Mrs. Amelia Wyatt, treasurer; Mrs. Geo. Curry, Mrs. Mary Diller and Mrs. Margaret Work, trustees.

WILL BUILD AT SAN PABLO TOWN

John Ridrogues, who has just arrived in San Pablo from San Bernardino, has pitched a tent on a vacant lot and has announced that he will build a house on his property.

There are a number of houses to be built in the near future in San Pablo and the little burg is feeling the benefit of the inner harbor agitation. Within the next few years San Pablo will be a healthy town and it will soon be time for Richmond to consider the proposition of annexing the burg and make it "all San Pablo," as a resident expressed it today in conversation with a Record-Herald man.

Life Saver

In a letter from Branchland, W. Va., Mrs. Elizabeth Chapman says: "I suffered from womanly troubles nearly five years. All the doctors in the county did me no good. I took Cardui, and now I am entirely well. I feel like a new woman. Cardui saved my life! All who suffer from womanly trouble should give Cardui a trial."

Take CARDUI

The Woman's Tonic

50 years of proof have convinced those who tested it, that Cardui quickly relieves aches and pains due to womanly weakness, and helps nature to build up weak women to health and strength. Thousands of women have found Cardui to be a real life saver. Why not test it for your case? Take Cardui today!

Trustees Endorse County Library

MARTINEZ, April 25.—The county library and its advantages was the topic of discussion at the convention of district school trustees that assembled yesterday morning in the supervisorial chambers at the county court house.

County Superintendent of Schools W. H. Hanlon called the gathering to order and stated that he had departed from the usual custom in not providing a set program for the day in which those who usually figured on its numbers were outsiders. He said he thought it best that those interested in the district schools of the county should discuss the problems among themselves.

Supervisor Warren McBryde led in the discussion which was all in favor of the district school libraries merging into the county library.

Mrs. Alice Whitbeck was the principal speaker of the morning in explaining the workings of the county library and the progress that had been made through united effort.

W. T. Helms of Richmond and John Anderson of Crockett were urgent in endorsing the county library. As an institution that was the most important auxiliary to the school work.

Mr. Helms stated that Richmond would undoubtedly join forces with the county institution.

Warren McBryde presented a resolution declaring it to be the sense of the meeting that the merging of the district libraries with the county had been attended with most satisfactory results and it was urged upon all districts to effect a consolidation.

At the noon hour the members of the district school boards present to the number of forty-five were guests to County Superintendent of schools W. H. Hanlon at luncheon served by John Marchi.

In the afternoon the engagement of teachers was the topic that held the boards.

Photographs Taken By Wife In Evidence

MARTINEZ, April 25.—The photographs of the scenes taken in and about the shore of Richmond by Mrs. Thos. J. Mooney figured conspicuously as exhibits introduced during the trial of her husband yesterday morning while Sergeant Ruiz was in the witness chair.

They served in lieu of transporting court and jury to the scene where Mooney and his two colleagues, Hanlon and Brown, were taken into custody upon their return to the boat at the landing last December, in which it is alleged were stored the high explosives causing their arrest.

Ruiz did not differ in his testimony today from that given at the former trial. He, however, admitted that his testimony given at the preliminary examination in which he said he had cut the wires connecting to the alleged infernal machine with the fulminating caps did not agree with his present recollection of the event in which he held he had not severed the wires.

Maxwell McNutt made a play on the fact that Mooney and his two companions had been taken into custody on Saturday and were not informed of their offense nor charged until the following Tuesday in violation of the mandate of the law.

Michael O'Keefe turned up at last at last as a witness for the prosecution. He testified that he had gone to the boat after Mooney and his two companions had left it and before Ruiz came upon the scene and declared he say nothing of the cargo that the Richmond police claimed was in the boat.

Deputy Sheriff Bailey who is also superintendent of the Richmond Belt Railway, followed Ruiz on the witness chair and corroborated in the main the evidence given by the Richmond police sergeant.

A. C. Kirby testified to the finding of the boat and identified Mooney on his return.

Officer John McGowan of the Richmond police force, testified that he cut the wires connecting the alleged infernal machine with the fulminating caps on the day that Mooney was arrested with his two companions.

Chief of Police Arnold identified the box and wire.

Officer Phillips was the next witness called in corroboration of Ruiz testimony.

Fire Chief Pasch of Richmond will be called later this afternoon for the prosecution.

STUDENTS HOLD A "BIG TIME" DANCE

A "big dance," as the students put it, was held at the high school last evening, during which time dancing was indulged in after which refreshments were served. The committeb which had charge of the evening's affair follows:

Decoration—Helen Smith, Valera McLarney, Dorothy McGregor, Merle Jenkins, Wayne McCracken, Norman Janke, Tyrell Stokes and Earl McCann.

Refreshments—Edith Selvy, Erwin Barr, Ruth Long, Donald Gray.

General Arrangements — Dudley Bates, Lawrence Cameron, Phil Angell, Walter Hoffman and Clarence Brown.

FRIDAY AFTERNOON CLUB ENTERTAINED

Mrs. F. E. Adams entertained the members of the Friday afternoon club at her home on Tenth street yesterday afternoon at the conclusion of which a delightful luncheon was served. Those present at the affair were Mrs. Harry Adkison, Mrs. W. T. Helms, Mrs. B. X. Tucker, Mrs. E. H. Harlow, Mrs. L. M. Moore, Mrs. Arthur Howell, Mrs. H. G. Biggs, Mrs. J. J. Davis, Mrs. J. H. SMOTHERING SPELLS

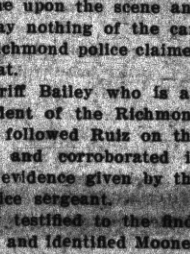
Sour Stomach, Heart Burn



MRS. JAMES A. HALL
Box 36, Morris City, Illinois.

In October, 1910, we received a letter from Mrs. Hall, from which we make the following extracts:

"About twelve years ago my health began to fail. I couldn't eat anything without suffering for it. I had heart burn, sour stomach, palpitation of the heart, smothering spells, pains in my sides and back. In fact, I suffered all over, and a cough almost like consumption. Doctors failed to relieve me; in fact, they didn't seem to know what ailed me. I continued to grow worse until I was able to sit up only a part of the time. I had almost lost all hopes of ever being any better.

"But one day some one threw some books in at my door. I read them and found them to be Peruna books.

"They described my feeling so truly I sent at once and got a bottle and began taking it. You pronounced my ailment systemic catarrh, and gave me some advice.

"When I had taken two and one-half bottles I began to eat without suffering. I continued to improve.

"When I had taken eight I was like a new person. That was nine years ago.

"I think Peruna the greatest family remedy there is, for so many ailments are due to catarrhal trouble. I would advise any one afflicted with catarrh to take Peruna and I am sure it will leave."

In the Revised "Ills of Life" we have many similar testimonials which should interest sick people everywhere. Sent free by the Peruna Co., Columbus, Ohio.

People who object to liquid medicines can now obtain Peruna Tablets.

MARTINEZ MAN WINS FIGHT WITH RAILROAD

MARTINEZ, April 25.—A body blow to the practice of under-charge collections has been dealt by the railroad commission in a decision rendered Wednesday, in which A. E. Blum the well known local commission merchant won a fight which he has been waging against the Oakland, Antioch & Eastern and the Southern Pacific for many months. The practice of alleging under charges on hay and grain shipments has been common during the past years and heretofore the demands have been met by Mr. Blum, but in the latest instance he was so firmly convinced that his position was right that he fought the case and by so doing not only won out and caused a new precedent to be established but also won a case which will be of interest to all Contra Costa shippers.

In the case at issue, a shipment of hay was consigned from Concord to Martinez over the Oakland, Antioch & Eastern to Bay Point, thence by S. P. to this city, the rate being quoted by the former road amounting to $1.00 per ton. After the shipment had been delivered the S. P. came back on Blum with a demond for $.55 per ton additional claiming that the above tariff applied to points of delivery between Richmond and San Francisco. Upon being communicated with the O. A. & E. held to the original quotation but in due time after more correspondence, the electric line asserted that it was in error and that the extra charge of the S. P. was correct.

Last week a representative of the S. P. called upon Blum but he did not change his position and told the railroad to go ahead and fight the case. He in turn went at once before the railroad commission, stating his case and displaying his correspondence relative thereto. On Thursday the following decision was given by Rate Expert H. H. Sanborn:

"The Tariffs of the Oakland, Antioch & Eastern provide a proportional rate of 25¢ per ton on hay from Concord to Bay Point when destination of shipment is San Francisco, Richmond and points between. The stand taken by the Oakland, Antioch & Eastern that the rates applied only to stations located between San Francisco and Richmond is in error and in accordance with the Public Utilities Act the same rate must apply at intermediate points; Martinez being an intermediate between Bay Point and San Francisco cannot be charged a higher rate tha nthe rate applying to San Francisco."

The rule laid down in this case will be found to be a general law in the future and what appears to be an attempt to knock out the terminal rating applying to Martinez in this instance as well as other points along the shore lines has been nipped in the bud.
